

Update for SH-200HD/300HD parameters

1. Download the file SH-300HD parameters (according to your region , select the suitable TP list, such as if you locate in European countries, then select TP-European file. Do the same for Asian and American) and Tool under: www.SatheroMeters.com

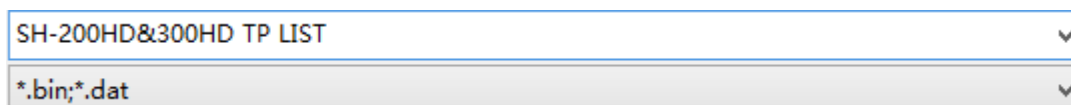

2. Open the Tool

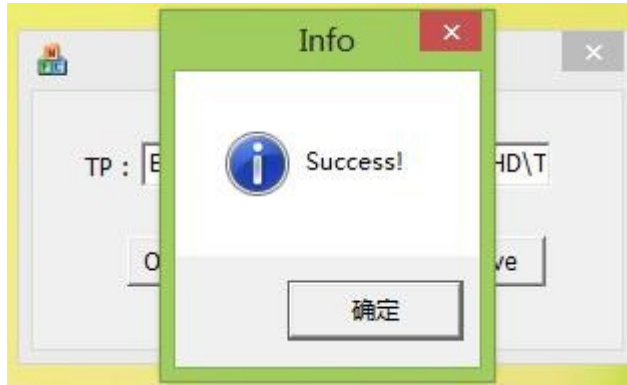

3. Click “Open” button, insert the uploaded TP list Excel file

4. Click “Save” button, Name the bin file: SH-200HD&300HD TP LIST, Then confirm.

5. Connect satellite finder SH-200HD/300HD with PC by USB cable.
6. Copy the “SH-200HD&300HD TP LIST” Bin file to the internal memory of satellite finder SH-200HD/300HD.
7. Take out the USB cable and finish the update process.

Remarks:

1. Suggest putting 10-20 satellites and each satellite saves 10-20 TP.
2. Delete the original parameter list after finishing the update.
